### **Program for 4-year-olds and entering kindergartners:**

Children in this program learn beginning phonics and reading readiness skills, build comprehension, and develop a love of books and reading.

### **Program for entering 1st graders:**

Success in first grade requires a strong foundation of reading skills and a high level of confidence. In this program, your child will learn phonics, build sight vocabulary, improve comprehension, and experience success with independent reading.

### **Program for entering 2nd graders:**

In this program, students build strong reading skills, confidence, and a love of reading. Your child will make significant gains in phonics and word-attack skills, sight vocabulary, fluency, and comprehension.

### **Program for entering 3rd graders:**

In this program, students become more fluent, confident readers and learn to enjoy reading more. Your child will build strong comprehension, and will develop the long-word decoding and fluency skills-required to read longer books with ease.

### **Program for entering 4th and 5th graders:**

Students in this program gain more than one grade level in comprehension, and increase fluency and speed. Your child will complete homework more quickly and easily, get better grades, and become fully absorbed in books.

### **Program for entering 6th-8th graders and**

### **Program for entering 9th-11th graders:**

In these programs, our average student improves comprehension one to two grade levels while doubling reading speed. They also learn the best way to read textbooks, take notes, and study for tests. As a result, students complete homework more quickly and easily, get better grades, and enjoy reading more.

### **Program for entering 12th graders, college students, and adults:**

Our average student doubles reading speed in difficult material, such as textbooks or professional journals, and triples reading speed in easier material, while improving comprehension, concentration, and recall. As a result, reading will become easier and more enjoyable.

**Please see reverse side for class schedule**

## Teachers

Programs are offered as a community service by Boise State University, Extended Studies. Classes are taught by professional instructors from the Institute of Reading Development.

## Exciting Results

"After taking this class, my reading speed has doubled, and my comprehension has definitely improved. The textbook skills I've learned will really help me when I go on to college. Reading is more enjoyable now - I don't stress about it."

- Morgan, 11th grader

## Class Schedule

Tuition and materials fees vary by program level. Please ask about our family discount.
